About the Artwork:

Linda Massey is a lifelong Madison, WI based artist who strives to capture the spontaneity, joy and inner strength of her subjects.

Working in oil paint, both in studio and plein aire, her portraits and commissions range from large scale to the intimate. She creates bold work that captures the drama and energy of her subjects and commands the space around it.

She is the winner of the esteemed Winsor Newton Award, won Best In Show honors at NOAPS Best In America Exhibition, was the artist in residence for the Wisconsin Chamber Orchestra, and recently won Reserve Grand Champion at Jefferson Plein Aire.

Find Your Wings is about a girl that sees herself in flight and the places she'll go on wings of her own making. It encourages everyone to soar, even if you have to 'find' your own wings.
