

## 2020 Cycle 1 Panelists

### **The Process:**

For each panel, five panelists with varied and diverse skills are asked to review, write comments, and score the applications.

Once submitted, the Cultural Affairs Commissioners review all the information including the proposals and they decide awards based on the proposals submitted, the scores, and comments submitted by the panelists.

Due to COVID-19, several panelists were unable to serve as reviewers. This was a rare and unexpected circumstance. Therefore, some panels had three reviewers instead of five. Nonetheless, the Commissioners reviewed and determined the awards as required.
